The short answer is no, I don't. We'll have a good idea come Tuesday June 11.

George,

I've been communicating with Chris Petersen and Greg Fife about heading out to the Lowerline site in New Orleans next week. Greg told me that you and the Las Vegas Radiation Center will be out there and that I should coordinate with you to determine which days would be best for me to be present at the site.

If you could let me know the dates you plan on being out there so I can plan accordingly, that'd be terrific. I can be reached at 469-431-8856.

Thanks,
